My dear Pat

Mother says

I can write to you &
that we can correspond,
so I thought you'd like
to get some of our news
although I'm afraid we
haven't very much -

Maurice arrived here
today looking most
awfully fit & well, they
don't seem to know
when they're going out.

But of course are
simply longing to be
doing something.

The hunting is going
on in a sort of way,
we're killing all the

boxes we can, but it's
heavily work, with no
hope of a bit of a gallop.
The men are frightfully
short of horses, several
of our second-horsemen
have enlisted also the
second whip so goodness
knows how we shall
get along. Si & I do our
share of being sworn at
by Pa for not turning
rounds quick enough etc!

I think Mother told you how
well the beagles are hunting &
having killed two hares two
days running! I do wish
you'd been there to help Pat
you'd have enjoyed it so.
Do write to me & tell me all
your news & if there is
anything I could send you
like cigarettes etc as I'd love
to send anything if you'd tell
me what. It's awful sitting here
doing nothing & when Frankie &
Rabbit are out there I suppose
it'd be worse if it can be!
Much love to all
Blanchie
