(1) My dearest Muz Thanks so much for writing, but will you put my full name next time instead of initials? I am fit but lame. The last I can get of Wakefield is that he was wounded at Mons but not dangerously. I heard from Gray of his regt. now here. I wish I could see you, I miss you awfully. Will you send me your photo? The nicest you have! Hope you are fit & well. Give my love to all. Thanks for your congrats. I don't know what I did
