 some to have for
 them, but I will at

 you another. By the
 way's post I send
 you some fly papers
 that may be a help.

beat-over on those who
put a pinch of sugar -
the ones to be very
leave as they are -
those I find the best
here. I leave them in
the papers which a
best they are. These
papers I send out
only just, which I had
in the house - but the
first day anyone goes

every day, the crop here

black, most difficult
to eat & the Potatoes the
same. I wish there was
a chance of your coming
home; have never heard
been gone a year - I
think have met - and
some of the first 2 W.
Linné such a long time,
Mildred is staying at
Grey Stamer, Ca Wicklow -
& goes up to Dublin
I wish in the

much to try a horse her

The scope of it is that
difficult. I did write

the day of receipt.
