My dear Mr. Mas.

you told Leta wrong
he is quite close to - The piano
is when you thought, at least it was
but is moved now, it is much better when
it is at present & will be much new
for us all. Do you remember a school
where G. used to be at one time, well I'm
quite close to that.

Things seem to be going
fairly well in the Province country but
London I don't think that we will ever
get a real move on. I don't think that
then will ever be a G. in fact. But
the great thing is that we are talking these

what is what we want now. One old
bit of carting is as bloody as another
and it doesn't really much matter so long
as we kill the Indians.

I had a letter from old Brock
to-day he has just offered to go to
the flying Corps, he is bound to death
sitting back then doing nothing.

No to no good sending cakes to
as I never eat tea and as a matter of
fact we can get pretty well anything we
want out here. There are some awfully
good shots in - Cross and Blackwell
has got an agent there. We also have
a divisional cartier when one can buy

practically anything.

You seem to have had great
fun with the Canadians, come you
killing them I had a D.C.M.

T. has gone back to the Div
again, he was only with the Bde
for 10 days. He seems to have

liked being there. I think that
he'll go off to the flying Corps
before very long.

Yes I ran the old show, the
General was very pleased about it
all, said he wished that the Corps

Commander had been there to see it.

The number you want to know is II.

Archie is still in the same place.

Does that help?

Yes. If I get down in next

get June Wells to come and stay.

I'd like to see more of her. I think

she's nice. But its hard to tell

only meeting her once.

There isn't much news

to tell you. I spend most of the

day either wondering about the girls

or in the office and I keep checking

busy, there is a lot of work to
be done but its so nice having ones
own show, & to be able to come & go

as one likes. I never liked that life

at the Div, one was too tied to the

office. There was so much minding the

house while Fuller & Overy were out, but

now its all over. I'll never regret doing it

as I learnt a awful lot there, far more

really than if I had got this job straight

from Staff Capt. I learnt that how

an office should be run what is an

enormous bill now. This is a grand
job & keeps me awfully busy & one gets
lots of exercise which just suits me.

I'm up every night late but I don't mind
that a bit now, when I get really weary
I have a boss that is the day. It
isn't often that I do get weary as I
have never been so fit in my life.

The General nearly got blown up a
Sunday. He was sitting on a log
reading the paper & heard a shell
coming so he dived into a hole &
he hardly got it about 3000 or

him. Surely he was too big
that on the ground & all the best
went upwards so he was untouched.

But he got a bit of a staking.

He is a great man with an iron
nerve & it didn't worry him a bit, only
gave him a bit of a lead. The ordinary
man would have got still stuck.

I don't know what the Bde would
do if anything bothered him. They all
absolutely love him. They love him
as much as they hate somebody else.

Will use this to after 12 or 10 I must
go to bed.

Best love to you all

Your loving

Pat
