

Nov 11

My dear Mr. Mrs.

I got your letter of the 9th to day. Yes! I'll start it.

Your letter was sent by

Mr. Mrs. No it doesn't worry

me. But all the same I'd like to be

free. She writes me awfully nice letters

but they're dull. If only we really were

friends & not engaged it would be so much better but then it is & he put out of it

somehow if I want to. I like her awfully

but know so awfully little of her. I wish

I could see you a little it all over, it

would all be very difficult when next I come

a leave. Perry likes I'm devoted to her.

his just his getting enjoyed with it. What do

you think of his gift.

I'm awfully annoyed the way

I've don't go & stay with you or even

mention in her letters that you have asked

her name. She is so silly wrong about that.

I got the letters from her to-day & the two

Holographs. They are very good.

She excites her letters in this. I won't write

again till I hear from her in answer to

the letter you wrote for me.

Perry is awfully happy &

delighted with his affair. I wish I

was but I'm not really. I feel so

uncertain about it. Sometimes I

think I'm lord of her & at other I don't.

I know for a fact I'm not in love
at all. It's a queer world really

dear. I'm not a big nutcase anyway
things so much. I don't see how I
going to come out of it without a good
deal of mud sticking to me.

The family of course will be
very annoyed. But then it is it may
all work out right in the end.

I like to be not annoyed & like
get to know her as a friend for some
time but it's just to be difficult

to do. Your letter on 80

suggested you always like me just

what to do.

I enclose her letter to this.

Went had a great hunt this day

and killed a lion after about 2 1/2 miles

great shot of a lion with a web
Perry, the Gun, Boy & I were
about 100 yds. back at night
out. I was riding Melody & nobody

saw the way she went. She left
at a gallop for a short

then standing still. She is an

absolute mad cat. She came in

a ole if he had a look on

if she had only had an ordinary

days exercise. In sun she

threw it at me it had just

was lit like at home. She is very

lit as fast as my Plover

I have a bandage on my hand

so its hard to write. I have got a letter

Sox Maer so I can find it of to-night

with some hot water on it.

I must be off to bed now

as its after 12 o'clock.

Best love dear me always.

Your Louis

Pat.
