My dear Mrs. Allen.

Just a brief scribble to

send love on the boat. It was kind of you

off. I just timed it right, they pulled up

the gangway a few minutes after I had got

on board. I am very comfortably

established in the King's messengers

cabin. I have just written a line

to Rene. I'm longing to hear from

you what she is like to-night.

With love to all. Be sure you let me

Knows all about her.

I don't know if I will be able to
get a ticket or not. I hope I will be.

I don't want to stay in Calais.

Best love dear we mean

Your loving

Pat
