Dear Mr Armstrong

Thank you for your Robt.
went last Monday and we felt very
lonely for it & then we settle down to our
old way again. we miss him more
every time. but he is alive & that is much
to be thankful for. I don't seem to care what
else happens. we had a brief time this
week he was so well & able to enjoy every
hour. he did enjoy seeing you & Jessie &
Lady de Lisle. he telephoned her to know
if convenient to take the Cross to show her little
Lion. & she said no. he had measles and could
not see anyone or anything. Robt told her the
day he was going & asked could he have the
latest news. to take to the General. as he would
see him soon after. he landed the other side.
She said phone again on Monday at the last
minute. he done so & could not get on
the girl at the exchange said they had
dozens of calls for that number but could not
get on. so I hope he was not worse he had
Mr Cheape was going to call the next day.

and League. so I hope he is better. I met
 General ~~Chapman~~ Cheyfe, at Lunch & Capt.
 Lacey. it was a very nice affair at the Britons
 they are very charming people. the General
 is handsome and a fine man. Mr Cheyfe
 asked me when place in the sheet Berkeley Sq
 but it was a day I couldnt go. she has returned
 to life now. I met a Mr Howard & Mrs Evans.
 Capt Evans wife at the Savoy - & she knows Mrs
 Mrs Wills well. she tells me. Mrs Wills is
 still very sad. indeed. & I dont wonder - poor
 girl she will never replace what she has lost.
 Capt Beardon did not go back with the General
 & Robt but Robt is acting Brigadier Major
 Howard on leave. & Wally goes back. to take
 up the position next to Pat. he is most loved
 in the Brigade. he is so reliable so I hope
 he goes out. the Brigadier & Robt mean to
 have him back. Howard is not liked
 I wish Jessie could meet Capt Beardon she
 would like him - & he did love Pat - so
 did Robt tell you about Gessie he always
 took her in her 2 lumps of sugar. one
 morning he was out early. and not back all
 day so she got no sugar. so she wouldnt

come out. They had an awful bother with her.
 All the froom said. the only thing I can think of
 is, the Captain hasnt been in with her sugar
 so the sugar was fetched - & out she came
 then, will you please come down & see us
 in our little dugout when you are in Town.
 Just Jesses & you: its not exactly Park Lane.
 It's a Tram from Victoria No 20, 22 or 10. Tram
 fare 3. so it isnt far - brings you almost to our Door.
 I must close for you will think me a nuisance
 the read was very hard here the other night I dont
 seem to have dodged them - will now close.

~~With kindest regards to Jesses & you.~~

Yours very sincerely,

Lizzie Glee
