Elton Hall,
Peterborough.

Dearest Rosie

I got back all well and safe
and our talk was such a
pleasure to look back on :-
I have let Mery to talk to Tyler
(whose address I enclose) &
when I hear from her will
write to you again; when
you can put yourself into
direct communication
with him. — Grassville
will be Tom's trustee if you
would like it: but he wd.

like you to have a trace of
business on with him - &
I am sure if Douglas acted
in the same capacity he wd.
wish it too. A lay trustee
such as either would be
requires a legal adviser &
backing when decisions
have to be made. I have
to better track Dick about
the Bureau and the Church
expenses & details & when
Douglas gets down on Sat. I

will ask him about the
Pur Money - So that you
shall have replies as com-
plete as I can get them in
a very few days.

I left Norwich the day
after I saw you spent
Sunday with Soledad at
Eton. I went to the Me-
morial tablet outside Chapel
and read your Pat's name:
and had the opportunity of
telling the story of our talks of
him and the wonderful
words in

The letters: he remembered
him: -

Granville goes before a Board
on Wednesday: his foot is
better but the wound not
healed.

God bless you & your children
As always
y. affecti.
